Hospice of the Chesapeake provides three distinct referral pathways—**Supportive Care (Palliative Care), Hospice Care, and the new GUIDE Dementia Care program**—ensuring patients receive the right level of support at the right time. Our goal is to remove barriers and ensure your patients are connected to the specialized care they need as early as possible.

With the new GUIDE program families receive:

- A dedicated care navigator provides:
- Comprehensive assessment and customized care planning
- Ongoing dementia education and skill-building for caregivers & more

We are ready to partner with you. When you identify a patient who could benefit, one call activates our support teams.
